THE AMERICAN

SERIES 342

TRADITION AND INNOVATION IN PERFECT HARMONY

Rodgers proudly presents the American Series 342 — a three-manual organ perfectly suited for the home or small worship spaces. Its stoplists celebrate the richness of American musical traditions across both classical literature and diverse worship styles. Each instrument in the American Series includes three distinctive organ types, authentically sampled from notable American pipe organs:

American Classic, American Eclectic, and American Symphonic.

Each organ type retains its original engraved stop names, reflecting the authentic craftsmanship and tonal heritage Rodgers is known for.
